EXPERIENCE

Siemens Industry Software (India) Pvt. Ltd.

May 2025 – June 2025

Student Intern – R&D Software Division

Noida, Uttar Pradesh

- Contributed to testing, analysis, and documentation of software components within the PLM (Product Lifecycle Management) domain, supporting ongoing R&D projects
- Performed log analysis and debugging in a Linux environment; improved workflow efficiency through shell scripting and task automation
- Collaborated with cross-functional engineering teams in an agile development environment; adhered to industry best practices and quality standards
- Utilized Git for version control and participated in code reviews under senior mentorship; gained hands-on experience in large-scale software integration and deployment

PROJECTS

Three-Tier Web Application Deployment with Kubernetes

- Built a full-stack app with React, Node.js, and MongoDB; containerized with Docker and orchestrated via Kubernetes for scalable cloud deployment
- Configured Pods, Services, and Deployments for inter-service communication, load balancing, and high availability
- Debugged CrashLoopBackOff errors and optimized resource configurations for stable production deployment

QuickServe – Digital QR and Ledger System for Local Businesses

- Built a full-stack QR-based ordering and POS system using Node.js, Express.js, React, and PostgreSQL
- Developed four modules (Landing Page, Customer, POS, Admin) for ordering, billing, and analytics
- Designed scalable REST APIs with authentication, order processing, and relational database management

AIKA: Threat Detection through Cognitive Vision

- Developed a real-time facial recognition module using Python, OpenCV, and TensorFlow/PyTorch for automated threat detection
- Implemented AI-based anomaly detection using computer vision techniques aligned with enterprise security requirements
- Deployed surveillance system on Raspberry Pi with Arduino integration; documented system architecture for cross-team collaboration

EDUCATION

VIT Bhopal University

Bhopal, Madhya Pradesh

Bachelor of Technology in Computer Science and Engineering

April 2023 – April 2027

- CGPA: 9.09

Delhi Public School

Greater Noida, U.P.

Senior Secondary (XII): 94% | Secondary (X): 88.8%

April 2008 – April 2022

SKILLS

Technical : JavaScript (React.js), Node.js, Express.js, Python, TensorFlow, SQL (PostgreSQL, MySQL), MongoDB, Bash, Docker, Kubernetes, AWS (Cloud Fundamentals), CI/CD, Linux, Git, GitHub

Languages (Spoken) : English (Proficient), Hindi (Native), Japanese (Currently Learning – Beginner)

CERTIFICATIONS

IBM DevOps, Agile and Design Thinking Certification Course

Ethnus – AWS Certified Machine Learning Engineer – Associate Course
